Virtual Mobility Incomings

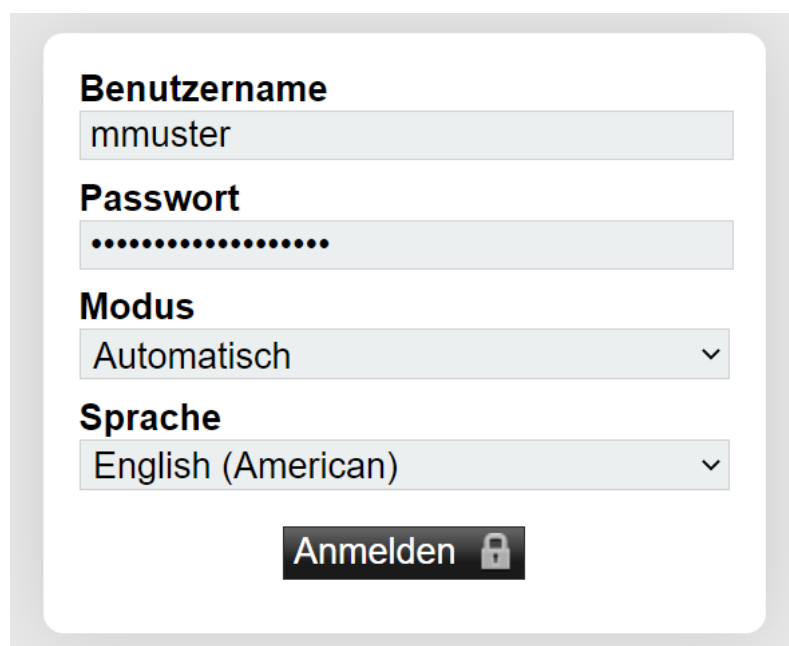

## Webmail:

Webmail is the university mail account through which your professor might contact you.

You can use it once you have successfully activated your Klips 2.0 account. Please note that it can take up to 24 hours after your Klips registration for this platform to get activated.

You can log in here: <https://webmail.uni-koeln.de>

Use the same username and password that you used for Klips 2.0.

The image shows a login form for webmail. It contains the following fields and options:

- Benutzername**: A text input field containing the text "mmuster".
- Passwort**: A password input field with a masked password represented by 12 dots.
- Modus**: A dropdown menu with "Automatisch" selected and a downward arrow.
- Sprache**: A dropdown menu with "English (American)" selected and a downward arrow.
- Anmelden**: A button with a lock icon, indicating a login function.

Make sure to check your Webmail regularly or forward them to your personal e-mail (<https://rrzk.uni-koeln.de/en/accounts-communication/e-mail/mailportal/fowarding-e-mails>) as many teachers only communicate via this platform.
